

K Pattern Clamp 250

The K Pattern Clamp 250 is a lightweight, fast set up clamp that will hold HDPE pipe securely in position during the weld process for pipe sizes up to 250mm.

The K Pattern Clamp is robust and compact, featuring a simple strap design and optional reducing plates to align pipe horizontally when using reducing fitting.

FEATURES

- Quick to install and easy to use
- Pipe range 63mm-250mm
- Compact design
- Fast acting "tug and tension" straps
- Available in 2 or 3 way configuration
- Available with straight or angle maker base
- No liners required

Optional

- Plates for reducing fittings
- Sawing guide and saw
